EQUIPMENT

AAR - SUSTAINS

+ NVGs - One/Soldier - PVS14 monocular preferred over PVS7
+ Aiming Lasers - One/Soldier - PEQ2 preferred over PAQ4C
+ Optical Sights - One/Weapon
+ Body Armor - Interceptor is good
+ SMAW-D Bunker Buster
+ Goretex clothing
+ MBITR radios
+ Vehicles - MGATOR - the old “Mule” has finally arrived
  - HMMWV is Awesome

EQUIPMENT

AAR - IMPROVES

- Optical Sights - Need one without batteries or on/off switch
- Team & Squad Intercom - ICOM is fragile, not Army standard
- GPS - The civilians have figured it out
- Goretex - Make it quiet
- MGATOR - Need more
- HMMWV - Replacement should fit inside the chinook
- SATCOM Capability - Radios complex, bulky, immobile
    - Need more channels and bandwidth

Weapons Considerations

- Lethality (5.56 mm)
- Weight (MGs, Mortars)
- Range (60 mm mortars)
- Optics—Batteries, FOV vs Power
